OVERVIEW

Sumandeep Vidyapeeth Deemed to be University has established the Department of Central Research and Innovation (DCRI) to foster a strong research culture and promote innovation among faculty members and students. The department functions in coordination with the Research Advisory Board (RAB) and various institutional committees, including the Constituent Institute Research Committee (CIRC), Research Grant, Consultancy and Collaboration Committee, Sumandeep Vidyapeeth Institutional Ethics Committee, Sumandeep Vidyapeeth Institutional Animal Ethics Committee, Intellectual Property Rights (IPR) Committee, Academic Integrity Panels (AIPs), and Clinical Trial Committee.

The DCRI plays a pivotal role in formulating and implementing research policies, encouraging innovative ideas, and strengthening doctoral and postdoctoral research activities. It also facilitates interdisciplinary collaboration, supports research projects through various funding schemes, and organizes faculty development and research orientation programmes. Through these initiatives, the department aims to enhance research quality, uphold ethical standards, promote knowledge creation, and strengthen the overall research and innovation ecosystem of the university.
